SUSTAINABLE MATERIALS AND PROCESSES FOR THE COMPOSITES INDUSTRY

The circulation of the magazine is 4,300 issues which are distributed to industry technicians. In addition, the magazine is sent in digital format to approximately 58,000 industry professionals worldwide.

Therefore, the magazine is distributed as follows:

Italy: 2,300 paper issues and **12,300** digital issues;

Europe: 1,100 paper issues and **26,500** digital issues;

Other countries: 900 paper issues and **19,200** digital issues;

Our editorial office sends via email the link to the magazine where you can browse it for free.

The mission of the magazine is: to provide information on the use of various raw materials, chemical products, fibres and whatever is needed for the production of structural parts, R&D, laboratory tests, production processes, molds and design technologies.

Composite Solutions & technopolymers

official journal of the OCTIMA

organization which plans technical conferences, meetings and exhibition areas.

Readers:

- Designers and consultants 4%
- Manufacturers of composite structural components for various uses 50%
- Customers 19%
- Manufacturers of raw materials 10%
- Suppliers of raw materials and chemicals 13%
- Others 4%

REFERENCE MARKETS

- CHEMICAL PRODUCTS
- AUTOMOTIVE
- MARINE AND NAVAL
- AERONAUTICAL - AEROSPACE

N. 1 (JANUARY/APRIL)

JEC WORLD 2025

4th-6th March – Paris – France

COMPOTEC 2025

13th-14th March – Marina di Carrara (MC) – Italy

COMPOSITES AND NANOENGINEERING CONFERENCE 2025

17th-18th March – Madrid – Spain

EUROPEAN AUTOMOTIVE DECARBONIZATION AND SUSTAINABILITY SUMMIT

19th-20th March – Düsseldorf – Germany

COMPOSITE EXPO

25th-27th March – Moscow (Russian)

AERO-EXPO FRIEDRICHSHAFEN

9th-12th April – Friedrichshafen – Germany

COMPOSITES INTERNATIONAL CONFERENCE 2025

16th-18th April – Algarve – Portugal

N. 2 (MAY/AUGUST)

JEC FORUM ITALY 2025

11th-12th June – Cernobbio (CO) – Italy

INACOATING 2025

29th-31st July – Jakarta - Indonesia

N. 3 (SEPTEMBER/DECEMBER)

KOMPOZYT EXPO

17th-18th September – Krakovia – Poland

CAMX 2025

8th-11th September – Orlando (FL) – USA

CHINA COMPOSITE EXPO 2025

16th-18th September – Shanghai – China

ADVANCED ENGINEERING

29th-30th October – Birmingham – UK

EURASIAN COMPOSITES SHOW

26th-28th November – Istanbul – Turkiye

AEROSPACE & DEFENSE MEETINGS TORINO

2nd-4th December 2025 – Turin – Italy

TOPICS DEALT WITH DURING 2025

- Design and selection of materials
- Laboratory, products, tests and material testing
- Production with nanostructured materials for composites and technopolymers
- Raw materials for the production of composite materials
- Raw materials for the production of composite structural parts with various matrices (polymeric, ceramic, hybrid and metallic)
- Raw materials for the production of technopolymers and multifunctional products
- Production of technopolymers
- Natural raw materials for the production of resins, extenders, additives, dyeing products, etc.
- Raw materials for the production of structural adhesives and sealants
- Reinforcing fibres and natural and synthetic technical fabrics
- Various types of pre-impregnated technical fabrics
- Core materials
- Products for the finishing process
- Products for the manufacturing process
- Products for surface treatment
- Products and materials for 3D printing
- Process software, hardware
- 3D printing
- Technologies for the creation of models and molds
- Various production technologies and processes
- Use of structural adhesives and sealants for the production process
- Sandwich panels
- Laboratory, equipments and tools
- Machinery for production
- Technologies for the production process
- Ecology
- Sustainability and recycling
